Hogyoku & Sigil Divine (Summon)

Hogyoku
Hogyoku is basically where you grind your ass on infinite realm boss and get the chest open it hoping to get soul essences.

These soul essences are being used to unlock the Hogyoku skills.

Bare in mind you do not need to unlock it in order from skill 1 to skill 4.

You can straight away unlock skill 2 & 4 which are the most important skills, as it lets each unit wear up to 3 artifacts.

Skill 2 lets your unit wear 2 artifacts in total, and skill 4 lets your unit wear 3 artifacts in total.

Skill 2 cost 2 soul essence to unlock. Skill 4 cost 4 soul essence to unlock.

Sigil Divine (Summon)
The main place where u RNG to get your pink sigil to combine into red, eternal and prismatic.

You will get the summon for sigil from either artifact pass or the chest from defeating Infiniti real bosses.
