Hook

Hook
There's multiple hooks you can buy and each hook has its own effect, hooks effect stacks.

On the mining page as a F2P player your main goal will be hunting special card summon, while hunting for special cards, grab all the star stone on the way. Sometimes when you see some star stone are glowing, those are basically % stats star stone.

Refresh after getting your special card.

The TNT is used to bomb those items you don't want.

The apple is used to speed up by 60 second. A cool feature, if u got 5 or more apple, when u use on item that are more than 5min it will instantly obtain it, for example a red gem might need to wait around 2hour but with 5 apple you can get it instantly.

The macaroon helps u get the item instantly no matter what the time is.
