

Spiritual Realm Adventure pt3

Combat Rules

Combat Power is based on **current Spiritual Power**.

Your available Spiritual Power becomes your **battle power during challenges**.

Opponent leagues are sorted:

Lowest Spiritual Power !' Highest Spiritual Power

Battles occur sequentially.

**How Battles Work

- Challenges reduce enemy Spiritual Power.
- Defeated enemies lose Merit.
- Combat continues until your remaining Spiritual Power becomes lower than the opponent's Spiritual Power.
- Once this happens, the challenge automatically ends.

**Merit System

Merit gained depends on your **Rank**.

Merit removed from opponents depends on:

- Base Merit
- Number of defeated players

Formula:

Opponent Merit Deducted = Base Merit + Defeated Players × Defeat Coefficient

& p Higher Rank players contribute significantly more value during battlefield periods.

**Promotion Rules

Spiritual Realm Adventure consists of **3 competitive tiers**.

At the end of each competition round:

- **Top leagues** are promoted to a higher tier
- **Middle leagues** remain in their current tier
- **Bottom leagues** are relegated to a lower tier

Achievements

During the event, the system tracks **total stamina consumed**.

As players hit stamina milestones, achievement rewards become available.

& p Remember to claim rewards before the event ends.
