Tierlist NP

Best: No Name-Dagger
Sub: Prelati's Spellbook
Niche: Primeval Flame/Sword of Rupture

Best NP for Mina is NND, the reason we used NND is that the Technique DMG x2 from NND helps Mina DPS drastically increased

Why not Prelati's Spellbook?

Reason for book as sub is that, Mina won't use her technique if she doesn't have [Special Clip] stacked, thus Book NP 50% chance to use another Technique won't be valid for Mina; However Book NP improving Technique DMG, stealing ATK, and Fix DMG Res -20% still pretty strong option to take note

In Summary, for a high burst Mina, NND more suitable, but for a Draft battle Book+Taurus Mina can have a surprising effect

Niche NP?

These NP are pretty much used when you have no other NP to use, debuff NP

Soul Jades Per Role

Burst:

Enrage+Strength+Blade+Penetration

Enrage+Strength+Swift+Penetration

Draft:

Shapeless+Strength+Blade+Penetration

Shapeless+Strength+Swift+Penetration

Soul Jade on Mina is subject to change depending on how you want to build her, the above are the most general build you can use for Mina, other DPS SJ like precision, tenacity, silence etc, are encouraged to be tested depending on what Mina you are trying to build.

Cloth Tier List

Best: Sagittarius/Taurus

Sub: Aries/Gemini/Leo/Capricorn/Pisces

Generally Sagi and Taurus are main build depending on burst or stall
Sub cloths are used for 2nd team or when you don't have a better option cloth for the moment, more of a niche cloth, but work for Mina

Best Team

We know from Mina kit, her [Special Clip] are obtain from basic ATK, best partner with Mina would be Mai

Why Mai? As Mai [Stinger] buff, let's your highest attacker to get extra basic attack, this buff helps Mina to build up [Special Clip] faster

Mai assist or on field?

Depending on what team your running, Mai can be both on field and assist

Stall Team:

Shadow+Saitama+Rem+Lux+Mai(assist)

New Stall:

Asta+Saitama+Rem+Lux+Mai(assist)

Duo DPS:

Mai+Saitama+Rem+Lux+Kurusu
