Tierlist NP

Best: Gae Bolg/Rose Dual Spears/Prelati's Spellbook

Gae Bolg and Rose Spears both function very similarly, since lelouch specialty is [Tactical Bombardment] both NP enhances normal attack, which will further increase Lelouch DPS.

Prelati's Spellbook, is used to increase ATK and Fix DMG, lelouch can benefit from double technique DMG and increasing overall DPS.

Soul Jades Per Role

Shapeless+Crit+Swift+Penetration

Shapeless+Swift+Penetration+Strength

Enrage+Crit+Swift+Penetration

Enrage+Swift+Penetration+Strength

Standard build to SJW, best fit for normal attack assassin, only use enrage if you can burst nuke with [Tactical Bombardment] the build is rather Whale to build as it requires higher account passive.

Other Soul Jade recommendations like blade precision are good to use subject to what build you're using.

Cloth Tier List

Best: Taurus/Sagittarius

Not much explanation needed, Taurus for PVP and PVE, Sagittarius for whale PVP

Best Team

Curse team would best fit for Lelouch, Stall team are good for PVP

Curse Team:

Homura+Saitama+Rem+Lux+Kurusu

Stall Team:

Shadow+Saitama+Rem+Lux+Kurusu

New Stall:

Asta+Saitama+Rem+Lux+Kurusu

These are just some teams that will best fit Lelouch synergy, depending on what Lelouch you want to run, teams are subject to change.
